

Welcome;

With only a month away, can we make our first Extreme-A-Thon an memorable one?

The answer is still to come as we prepare to do this on October 20-21st, 2008.

This year, we will be raising money for equipment and the needs of the station. Due to the recent hurricane, we have some major things to restore, and repair. Since we did not have insurance, majority of the money will indeed go into the repairs of the station.

We will still get the majority of the equipment we need indeed.

So, the Grand Total needed this year is: \$20,000.00.

You do have a large number of ways to donate: Paypal, ebay, or US Mail.

Anyways CYA on Oct 20-21st 2008. Lets make hell tremble a lot more then ever before.

More for information go to www.freewebs.com/extremepriase, and of course tell your friends about us.
